ADDITIONAL INFORMATION

Referral Requirements	No written referral requests are needed when you seek care for medically necessary covered services from Unity Community providers. In addition, covered benefits for chiropractic care, dental care (except TMJ/TMD), one annual routine eye exam, and routine OB/GYN care do not require a written referral request from your PCP, but you must use a participating network specialist. Out-of-plan provider requests do require a written referral request from your physician that must be approved by Unity and will be reviewed only for services that are not available from participating providers in the Community Network. You, your PCP and the specialist to whom you're being referred will receive notification in writing from Unity stating the decision on your referral request. Please contact Unity Customer Service at 1-800-362-3310 with any questions.
Prior Authorization Requirements	Some medical services, procedures and equipment require prior authorization and your physician must obtain approval from Unity before you can obtain these services. For behavioral health requirements, please refer to the Outpatient Mental Health Network/Policy on the next page. All prior authorized services are reviewed for medical necessity. Your physician submits the prior authorization request to Unity. You, your PCP, and the specialist requesting the service will receive notification in writing from Unity stating the decision on your prior authorization request.
Medicare Claims Procedure	Most Unity providers accept Medicare assignment. When using these providers, you do not need to submit anything to Unity. In those few cases when a provider does not accept assignment, we will notify you and the provider if a copy of your Explanation of Medicare Benefits (EOMB) is needed.
