

# Register for Your Group Retirement Appointment Now

Retirement is a big step, and you probably have many questions. Because the decisions you make now will affect the rest of your life, we encourage you to make an appointment to talk with a WRS retirement specialist.

A retirement specialist is in your area every month to conduct group appointments. These appointments are successful because members benefit from hearing answers to other members' questions. At this two-hour appointment, we cover:

- A top-to-bottom explanation of your retirement estimate
- Mailings you can expect to receive from ETF after retirement
- Annual annuity adjustments
- Return to work
- Death benefits

You must have a *Retirement Benefit Estimates and Application* (ET-4301) form to attend a group appointment. If you are within one year of your minimum retirement age (age 55 for most, age 50 for protective category participants), you may call ETF at the number below to request a retirement packet that includes this form.
